STATEMENT OF NFPA COMPLIANCE

Product: SemperShield® Powder-Free Nitrile Examination Gloves

Sempermed USA, Inc. hereby attests that SemperShield® Powder-Free Nitrile Examination Gloves are certified protective single-use examination gloves for emergency medical operations per NFPA 1999 (2013). Although packaging has been updated to reflect this compliance, there will be a transition period during which some gloves will be distributed in packaging that does not yet denote NFPA compliance. The gloves themselves, however, are compliant with NFPA 1999 (2013).
