

# CHEMOGLOVES

Stay Informed. Stay Protected.

According to the World Health Organization, there were **14.1 MILLION NEW CANCER CASES & 32.6 MILLION PEOPLE LIVING WITH CANCER** (within 5 years of diagnosis) in 2012 worldwide

At present, more than **100** ANTICANCER DRUGS are used in daily clinical practice

Our Chemotherapy tested gloves meet **USP 800** REQUIREMENTS FOR PPE COMPLIANCE FOR CHEMOTHERAPY

In order for a glove to carry a chemo claim, the glove must adhere to specific requirements set forth by the **FDA** & PASS TESTING AGAINST PERMEATION of the actual cytotoxic chemicals

The **EXCRETIONS** OF PATIENTS such as urine, feces, vomit, and sweat, may be **CONTAMINATED** with chemo drugs, making urine bags, clothing and hospital beds hazardous objects

## OUR GLOVES ARE DISPOSABLE. THE PEOPLE THEY PROTECT ARE NOT®

We have made it our mission to provide our customers with protection from all those wicked whatevers. Since there is a person attached to every single one of the hands we protect, we feel it is the people themselves that we are really protecting. If you handle cytotoxic chemicals or work in oncology, try one of our nitrile exam glove brands that have been tested for use against chemotherapy drugs\*: SemperShield® Extended Cuff, SemperSure® Black, SemperSure® Green, SemperSure® Nitrile, SemperForce Blue®, SemperCare®, TenderTouch®, TenderTouch® 100, StarMed® Plus, StarMed® Ultra, and StarMed® Select.

\*Meets USP 800 requirements for PPE compliance for chemotherapy
